Warm sunshine days are here again...

As the "23-24" school year ends, I would like families to know that we will continue Sunday School programming throughout the summer months here at Wesley.

We will do this in a more relaxed manner with a few Sundays of no programming to represent the beginning and ending of each school year, and the difference of summer fun learning.

My goal is to have the children focus on prayer this Summer, and what that means to them. As well as I will provide the children with a fun bible summer bucket list, that they can accomplish with us, or while your families head out on vacation trips.

These special lists will be handed out the week of June 23rd and can be turned back in for a prize during the month of September.

Lastly our children's animal mission project will be completed during our Vacation Bible School week. Sign your child up for VBS this Summer.
